PROFESSIONAL SUMMARY

Detail-oriented and motivated **Software Engineer** with an MSc in Software Engineering. Experienced in **backend development, API integration, database management, and full software lifecycle processes**. Passionate about building scalable and efficient solutions, with expertise in **Python, JavaScript, Node.js, and SQL/NoSQL databases**. Strong analytical and problem-solving skills, with the ability to collaborate in **agile environments**. Open to learning and adapting to new technologies to drive innovation.

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript, C++, C, C#, Java
- **Web Development:** Node.js, Express, Django, PHP, React, HTML, CSS
- **Databases:** SQL, NoSQL, MongoDB
- **Version Control:** Git, GitHub
- **Agile Methodologies:** Scrum, Kanban

PROFESSIONAL EXPERIENCE

Remote Backend Developer

Crud Automation Systems Ltd., Nigeria | Apr 2021 – Present

- Designed and developed scalable backend architecture for web applications.
- Implemented RESTful APIs and microservices for seamless front-end integration.
- Managed database systems, optimizing data integrity and security.
- Conducted code reviews and optimized performance for efficiency.
- Collaborated with cross-functional teams in agile development environments.

Backend Developer (Intern)

MH Computer Technology, Nigeria | Nov 2015 – Nov 2016

- Assisted in backend development and API integration for web applications.

- Participated in requirement gathering, analysis, and software testing.
- Debugged and resolved backend issues with senior developers.
- Documented system configurations and deployment processes.

Software Technician (Volunteer)

TEGPro Global Ltd., Nigeria | Jul 2014 – Oct 2015

- Provided technical support and maintenance for in-house software systems.
- Assisted in debugging and troubleshooting user-reported issues.
- Created user manuals and documentation to improve system understanding.

EDUCATION

MSc in Software Engineering (2023)
University of Bedfordshire, United Kingdom

Higher National Diploma (HND) in Computer Science (2021)
Delta State Polytechnic, Nigeria

National Diploma (ND) in Computer Science (2016)
Delta State Polytechnic, Nigeria

PROJECTS

- **Company Directory**: Developed a centralized employee directory system for businesses to manage staff information efficiently.
- **E-commerce Store**: Built a scalable online store with secure payment integration, product management, and user authentication.
- **Employee Management System**: Designed a web application to track employee records, attendance, and payroll automation.
- **Ample Billing (POS Inventory System)**: Created a point-of-sale and inventory management system for retail businesses to track sales and stock levels in real time.

CERTIFICATIONS & MEMBERSHIPS

- Member, **Nigeria Association of Computer Science Students (NACOSS)** (2013 – 2015, 2017 – 2021)

NOTES ON IMPROVEMENT

- Enhanced **professional summary** for clarity and impact.
- Organized **skills** into categories for readability.
- Structured **work experience** with stronger bullet points and action verbs.
- Improved **projects section** to highlight technical applications.
- Removed **typos and redundant information** to maintain conciseness.
